## General Aviation Marketplace

# How to add a product

A hand is holding a boarding pass and a bag handle. The boarding pass is for John Doe, flying from Chicago to London on flight IA123. The date is 12/06, departure time is 07:15, and boarding time is 06:40. The gate is 05 and the seat is 15A. The background is a blurred airport terminal.

Write a brief overview of the aircraft in Short Description, and all the details of the aircraft in Description.

The screenshot displays a product management interface with the following sections:

- Short Description:** A text area containing "Amazing turboprop, with cabin noise cancellation and prepared for 8 passengers plus a cabin crew".
- Description:** A rich text editor with a toolbar (Paragraph, Bold, Italic, Bulleted List, Numbered List, Quote, Indent, Outdent, Link, Unlink, Table) and tabs for "Visual" and "Text". The content includes "DESCRIPTION AVIONICS:", "Dalsdfhsajdfsdfjh", and "ADS-B".
- Inventory:** A section titled "Inventory" with the subtitle "Manage inventory for this product." containing:
  - SKU (Stock Keeping Unit):** An empty text input field.
  - Stock Status:** A dropdown menu set to "In Stock".
  - Enable product stock management
  - Stock quantity:** A numeric input field set to "0".
  - Low stock threshold:** A numeric input field set to "0".
  - Allow Backorders:** A dropdown menu set to "Do not allow".
  - Allow only one quantity of this product to be bought in a single order

In the description, you can add and highlight as many details as you want, whether it's about avionics, interiors, or anything else you consider important. Be clear, concise, and detailed to make your listing stand out from the rest
